SILENTBLOC TOOL SET
VAG, multi-link axles

3/2026 Automotive SOLUTIONS

NEWS + PROMOTION 01.09. – 31.12.2026

MISSION: KLANNPOSSIBLE

Time saving, safe, well thought out tools.

OPERATION BOARD

Made in Germany

TIME SAVING
These tools especially save time and thus money.

SAFE WORK
Tools with an emphasis on safety

ONLY FROM GEDORE
These tools are protected by us by patent, utility model or design patent

MATERIAL-PROTECTING
These tools protect vehicle or spare parts from damage during removal and installation

COMMERCIAL VEHICLES
These tools are especially developed and suited for use on commercial vehicles

VANS
These tools are especially developed and suited for use on vans

PASSENGER CARS
These tools are especially designed and suitable for use on passenger cars

1500 ES-02-2004

TOOL TROLLEY

with 207-piece tool assortment

Made in Germany

- Basic equipment for tradespeople and DIY enthusiasts
- Tools in metric dimensions
- Tool modules in ABS plastic
- Resistant against oils and grease
- In tool trolley No. 2004 0620

Code	Part No.	Number of drawers	Drawer type	Material	Length	Width	Height	Storage	Contents	Weight
2657708	1500 ES-02-2004	8	6x Type 1, height 67 mm 2x Type 2, height 137 mm	Steel sheet	865 mm	605 mm	1,020 mm	Tool cart	207	117 kg

2005 XL-S-466

TOOL TROLLEY

with car assortment, 466 pieces

Made in Germany

Suitable for a wide range of maintenance and repair work on cars and vans.

- A comprehensive and extremely robust range of hand tools
- Ideal, mobile workstation
- Metric version
- 7 fully stocked drawers
- One large, empty bottom drawer
- Extra-wide drawers with full extension runners
- Safety lock on each drawer

Code	Part No.	Load capacity, drawer	Load capacity, heavy duty drawer	Material	Length	Width	Height	Storage	Contents	Weight
3458946	2005 XL-S-466	60 kg	70 kg	Steel sheet	1,021 mm	605 mm	1,020 mm	Tool cart	466	150 kg

2005-TS-308

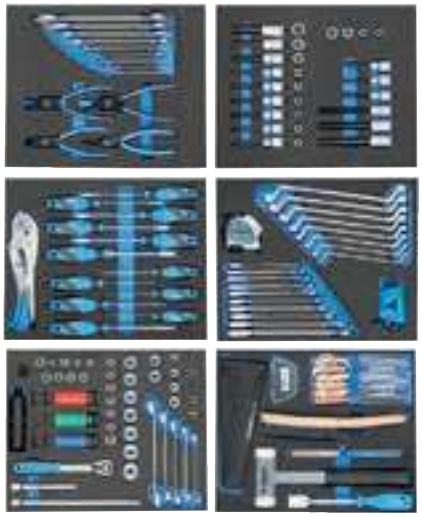
TOOL TROLLEY

with 308-piece tool assortment

Made in Germany

For industry, trade and automotive.

- Tools in metric dimensions
- 5 fully equipped drawers
- Two colour, high-density foam inserts ensure tool set is complete when checking
- Two large, empty bottom drawers
- Wide drawers with full-extension runners
- Safety lock for each drawer



Code	Part No.	Number of drawers	Drawer type	Material	Length	Width	Height	Storage	Contents	Weight
2980304	2005-TS-308	7	5x Type 1, height 67 mm 1x Type 2, height 137 mm 1x Type 3, height 207 mm	Steel sheet	865 mm	605 mm	1,020 mm	Tool cart	308	176 kg

1530

SERVICE TROLLEY

- Sturdy sheet steel construction
- 200 kg total load capacity
- Load capacity of the top and centre shelf: 50 kg
- Load capacity of the lower shelf: 100 kg
- Centre shelf is height-adjustable
- 2 swivel castors (each with parking brake) and 2 castors
- Manoeuvrable and easy to steer with drive/steer handle

Code	Part No.	Working height	Number of shelves	Load capacity (static)	Material	Length	Width	Height	Weight
3437507	1530	900 mm	3	200 kg	Steel sheet	1,075 mm	480 mm	975 mm	35 kg

KL-4911-102

MAGNETIC CAN HOLDER

For universal use in cars, commercial vehicles, and vans.

- For simple storage of spray cans
- Simply attached to a magnetic surface

Code	Part No.	Length	Width	Height	for Ø (max.)	Magnetic lifting force	Colour	Weight
3457125	KL-4911-102	160 mm	90 mm	120 mm	70 mm	3 kg	blue	290 g

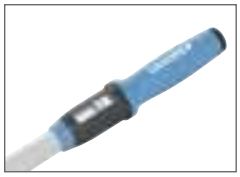
TF-K

TORQUE WRENCH

TORCOFIX TF-K

Made in Germany

- Controlled screw tightening
- Adjustable, releasing and sturdy tubular torque wrench
- Classified in accordance with DIN EN ISO 6789-2:2017 Type II Class A
- Includes traceable test certificate (DIN EN ISO 6789-2:2017)
- For controlled right- and left-hand tightening
- New ergonomic handle
- With vernier scale for the Nm main scale to setting intermediate scale values
- Suitable for left- and right-handed users



Code	Part No.	Drive (square)	Torque range (min./max.)	Vernier	Precision	Return angle	Tightening direction	Length	Weight
3278387	TF-K200	1/2"	40 Nm - 200 Nm	1 Nm	+/- 3 %	7.5 °	Left and right	495 mm	1.5 kg
3278395	TF-K300	1/2"	60 Nm - 300 Nm	1 Nm	+/- 3 %	7.5 °	Left and right	585 mm	1.7 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

3550-UK-LS4

TORQUE WRENCH

TORCOFLEX UK SET 1/2" 40-200 NM

- Wrench sockets for the machine-operated disassembly of wheel bolts/nuts
- Tightening range of 40-200 Nm with test certificate
- Better readability of setting because of magnifying effect
- Reversible ratchet with clockwise and anti-clockwise rotation
- Triggering accuracy of +/-4 % tolerance of the set scale value
- Wrench sockets with plastic sleeves for working without causing any damage
- Available in AF 17, 19 and 21 with colour coding

Better readability of setting because of magnifying effect

Application video

KL-0173-601 A

THREAD RE-FORMING TOOL SET

FOR WHEEL STUDS (M12X1.25 + M14X1.5)

Universally applicable on wheel studs and wheel bolts with M12x1.25 and M14x1.5 thread.

- Quick and cost-saving rethreading of damaged threads
- The thread is formed back to its original geometry
- No material is removed in the process
- The strength of the wheel studs or the wheel bolts is completely maintained
- Compact design

Suitability: universal

Code	Part No.	for Thread	Drive (hex)	Weight
3461904	KL-0173-601 A	M12x1.25 | M14x1.5	41 mm	430 g

KL-0173-612 A

THREAD RE-FORMING TOOL SET

FOR WHEEL STUDS (M12X1.5)

Universally applicable on wheel studs and wheel bolts with M12x1.5 thread.

- Quick and cost-saving rethreading of damaged threads
- Thread is remoulded to its original geometry
- No material removal
- Strength of the wheel bolts/screws is retained
- Compact design
- Including pipe socket wrench 41 mm (waf)
- Thread size covers approx. 80 % of vehicles with wheel studs!

Suitability: universal

Application video

Code	Part No.	for Thread	Drive (hex)	Weight
3461874	KL-0173-612 A	M12x1.5	41 mm	240 g

KL-0115-200

WHEEL HUB GRINDER

for studs, cars and vans

Made in Germany

Universal use on wheel hubs with wheel studs on cars and vans.

- For quick cleaning of the rim contact surface
- Solid corrosion residue can be removed easily
- Patented quick-change holder for precise centring between the base body and the grinding disc

Suitability: universal

Code	Part No.	Drive (square)	Outer Ø	Outer Ø (2)	Length	Weight
3463931	KL-0115-200	1/2"	50 mm	40 mm	110 mm	500 g

KL-0115-100

WHEEL HUB/RIM FLANGE GRINDER

Universal use on wheel hubs as well as steel and aluminium rims on cars and vans.

- For quick cleaning of the wheel hub and the rim contact surface
- Solid corrosion residue can be removed easily
- Includes 1 x wheel hub disc, 1 x rim flange disc

Suitability: universal

Code	Part No.	Drive (hex)	Speed (max.)	Outer Ø	Weight
3463893	KL-0115-100	7/16"	1500 ~U/min	160 mm	700 g

Accessories:

Code	Part No.	Description	Outer Ø	Inner Ø	Contents	Weight
3463907	KL-0115-1001	Spare disc set, wheel hub, Ø 75 mm	160 mm	75 mm	3	500 g
3463915	KL-0115-1002	Spare disc set, rim flange	160 mm	50 mm	3	700 g

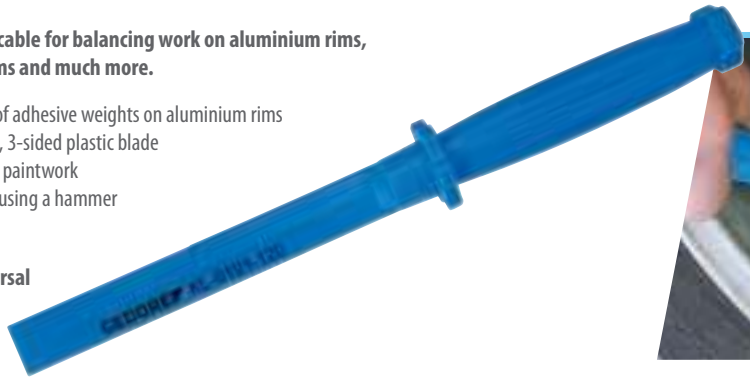
KL-0101-120

ADHESIVE WEIGHT REMOVER

Universally applicable for balancing work on aluminium rims, inner linings, trims and much more.

- For easy removal of adhesive weights on aluminium rims
- Extremely flexible, 3-sided plastic blade
- No damage to the paintwork
- Sturdy handle for using a hammer

Suitability: universal



Code	Part No.	Blade shape	Blade length	Blade width	Blade thickness	Version	Length	Colour	Weight
3463869	KL-0101-120	flat	150 mm	20 mm	7.5 mm	reinforced	305 mm	blue	150 g

KL-0101-121

ADHESIVE ERASER DISC SET

2 pieces

For universal use on aluminium rims and other metallic surfaces.

- For easy removal of adhesive residue
- Easy to use with conventional axial grinders, cordless screwdrivers or drills
- Mounting with 5/16" thread or the Ø 9 mm drill chuck adapter

Suitability: universal

Code	Part No.	Mounting thread	Mounting diameter	Speed (min.)	Speed (max.)	Outer Ø	Weight
3463877	KL-0101-121	5/16"	9 mm	500 ~U/min	1000 ~U/min	60 mm	300 g

KL-4911-103

MAGNETIC TRAY

Universal fit for passenger cars, commercial vehicles and vans.

- For safe storage of screws or other small parts
- Simply attaches to a magnetic surface
- The shape ensures a vertical or horizontal attachment

Code	Part No.	Outer Ø	Magnetic lifting force	Colour	Weight
3457133	KL-4911-103	150 mm	2.5 kg	blue	400 g

KL-4007-311

SWIVEL HEAD BREAKER BAR

1/2", 620mm

Universally applicable.

- For extremely tight screw connections
- Extra long version
- With 180° articulation

Code	Part No.	Drive (square)	Profile	Swivel angle	Load (max.)	Version	Length	Weight
1755943	KL-4007-311	1/2"	square	180 °	512 Nm	extra long	620 mm	1.4 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

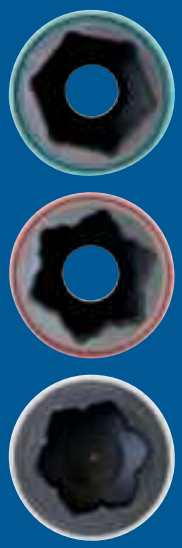
KL-0100-80 K

SPECIAL IMPACT SOCKET SET

1/2", 3 PIECES

Suitable for Mercedes, Tesla, Hyundai and Kia with special profile.

- For loosening and tightening wheel bolts
- Slim version with plastic sleeve



Suitability: KIA HYUNDAI TESLA MERCEDES

Code	Part No.	Profile	Drive (square)	Storage	Length	Width	Height	Contents	Weight
3427692	KL-0100-80 K	special profile	1/2"	Case	150 mm	145 mm	45 mm	3	900 g

KL-0100-81 K

IMPACT SOCKET SET

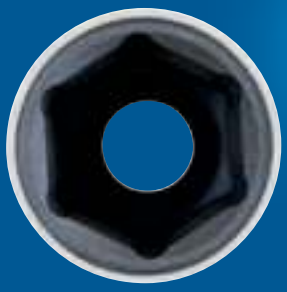
HALF SIZES, 1/2", 6 PIECES

Suitable for wheel studs/bolts with half sizes 16.5 - 21.5 mm (waf).

- For loosening and tightening wheel bolts / nuts
- Required for damaged chrome bolts / nuts
- Half a spanner size smaller in case of missing chrome cap
- Half a spanner size larger in case of extended chrome cap (corrosion)

Suitability: universal, especially for:

FORD RANGE ROVER JEEP



Code	Part No.	Profile	Drive (square)	Storage	Length	Width	Height	Contents	Weight
3427773	KL-0100-81 K	hexagonal	1/2"	Case	247 mm	127 mm	53 mm	6	1.5 kg

KL-5501 C

STATIONARY SPRING COMPRESSOR

Made in Germany

Application video

Universally fit for nearly all McPherson struts on the market. Fits particularly for right or left rising springs, conical springs, excentric springs, springs with a low number of coils, springs of a high or varying spring pitch, struts with pulling shocks as well as for struts with electronic control and sensors.

- UNIQUE, QUICK and SAFE, simply BETTER!
- Tensions even the strongest springs - EV vehicles
- Damage-free holding above the damper tube
- Safe tensioning directly via the shock top bearing
- Spring form and pitch completely irrelevant
- No intervention in the spring necessary
- Maximum user safety
- Simplest handling
- One-man operation
- High load capacity
- 4-fold safety

NEW

THIS IS NEW:
- Optimised clamping unit for even more efficient clamping
- Additional clearance for modern and electrically controlled shock absorber designs
- Adapted bracket with toggle for faster alignment of the shock absorber
- Rubber pad for non-slip support of the shock absorber

Code	Part No.	Spring plat Ø (min.)	Spring plat Ø (max.)	Working Travel	Load (max.)	Drive (waf)	Weight
3515672	KL-5501 C	125 mm	220 mm	570 mm	15,000 N	24 mm	46 kg

Accessories:

Code	Part No.	Description
3461068	KL-5501-210	Assembly Set, KL-5501 B / C, Modulo / Wall, adjustable
3402169	KL-5501-212	Assembly Set, KL-5501 B / C, Wall (long)
3479595	KL-5501-41	Protective cover for stationary spring compressor
3402444	KL-5501-40	Hand Crank for KL-5501 / B / C, 24 mm (waf)

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

SPRING COMPRESSOR - STATIONARY

FASTER, EASIER AND MORE VERSATILE THAN BEFORE.
Disassembling McPherson struts is becoming increasingly difficult due to special springs (low number of coils, asymmetrical shape, steep pitch, etc.) and more complex shock absorbers (manyactuators and sensors, special design, etc.).

This is no problem at all for this uniquely optimised stationary spring compressor, making it a quick, easy and extremely safe solution for any McPherson strut. It makes changing shock absorbers or springs a breeze!

For dismantling and assembling McPherson struts.

- Absolute safety thanks to wrenching via spring plate/dome bearing
- Extremely powerful
- No damage to springs or shock absorber tubes
- Tested on virtually ALL types of springs and shock absorbers
- Simple one-person operation

EVEN EASIER!
Scale for precise centring

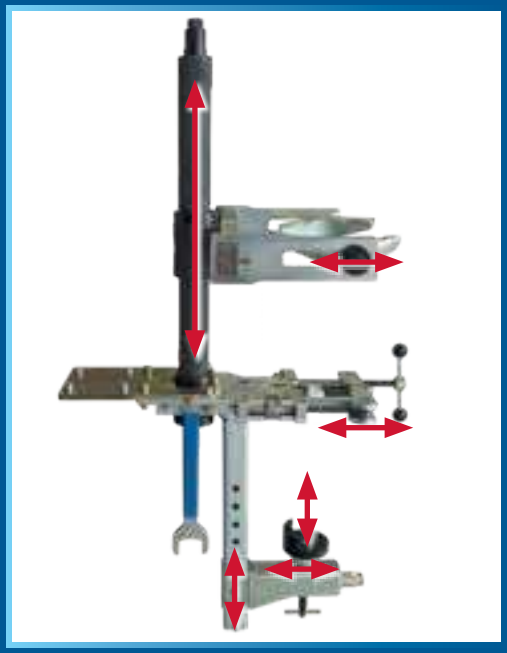
Fast, safe and robust design
Independent wrench on the spring plate

EVEN MORE UNIVERSAL!
Slimmer design with plenty of space for fixing each damper tube

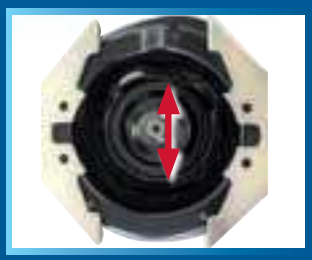
QR code website

KL-5501 C

Tool allows precise adjustment of the tensioning process, remounting the strut assembly.



EVEN FASTER!
With toggle for faster alignment of the damper tube when inserting the piston rod into the spring plate



KL-5501 C Z

SPRING COMPRESSOR

with mobile work stand

Made in Germany

Universally fit for nearly all McPherson struts on the market.
Fits particularly right or left rising springs, conical springs, excentric springs, springs with a low number of coils, springs with a high or varying spring pitch, struts with pulling shocks as well as for struts with electronic control and sensors.

- UNIQUE, QUICK and SAFE, simply BETTER!
- Tensions even the strongest springs - EV vehicles
- Damage-free holding above the damper tube
- Safe tensioning directly via the shock top bearing
- Spring form and pitch completely irrelevant
- No intervention in the spring necessary
- Maximum user safety
- Simplest handling
- One-man operation
- High load capacity
- 4-fold safety
- Stable and flexible thanks to the mobile work frame
- Can be positioned near the vehicle

Suitability: universal

THIS IS NEW:
- Optimised clamping unit for even more efficient clamping
- Additional clearance for modern and electrically controlled shock absorber designs
- Adapted bracket with toggle for faster alignment of the shock absorber
- Rubber pad for non-slip support of the shock absorber

NEW

Application video

Code	Part No.	Spring plat Ø (min.)	Spring plat Ø (max.)	Working Travel	Load (max.)	Drive (waf)	Weight

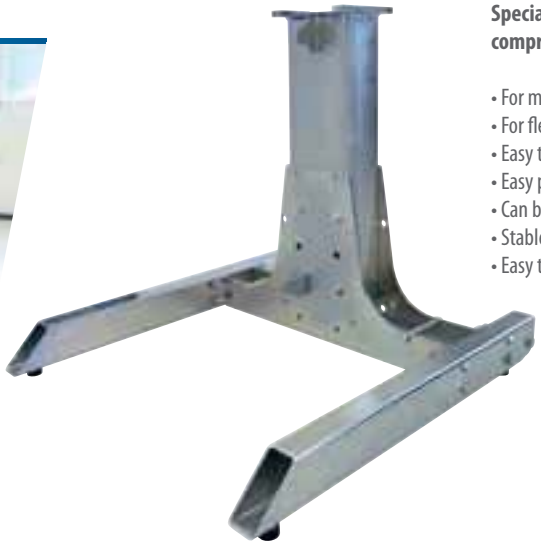
KL-5501-500

MOBILE WORK STAND

for stationary Spring Compressor

Made in Germany



Specially designed for the stationary spring compressor KL-5501 B / C. (Not for KL-5501)

- For making the spring compressor mobile
- For flexible and location-independent use
- Easy to move thanks to castors
- Easy positioning by just one person
- Can be positioned near the vehicle
- Stable and safe thanks to rubber feet
- Easy to stow away thanks to compact dimensions

Suitability: universal

Code	Part No.	Setting positions	Height difference per position	Number of rollers	Width	Height	Weight
3462242	KL-5501-500	3	75 mm	2	700 mm	605 mm	35 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

KL-5501-194

CONVERSION KIT TO KL-5501 C

Made in Germany

NEW

Suitable for stationary spring compressor KL-5501 and KL-5501 B.

- For converting **KL-5501** or **KL-5501 B** to the improved functional level of the **KL-5501 C**
- Optimised clamping unit for modern spring strut designs
- Slimmer clamping jaws for struts with a very small mounting surface
- Faster alignment of the lower strut support

Suitability: universal

Code	Part No.	Weight
3514234	KL-5501-194	4 kg

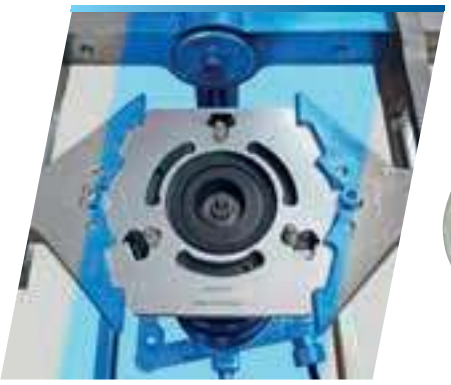
KL-5501-32

SPRING COLLAR ADAPTOR PLATE

BMW/Toyota

Made in Germany

NEW



Suitable for McPherson struts on BMW, Toyota, and Lexus, specifically on versions with studs on the upper spring collar (strut mount).

- Enables secure positioning of the spring collar on the **KL-5501 / B / C** spring compressor
- Easy placement of the adapter on the spring collar
- Secure centering at the upper mounting point

Suitability: BMW LEXUS TOYOTA

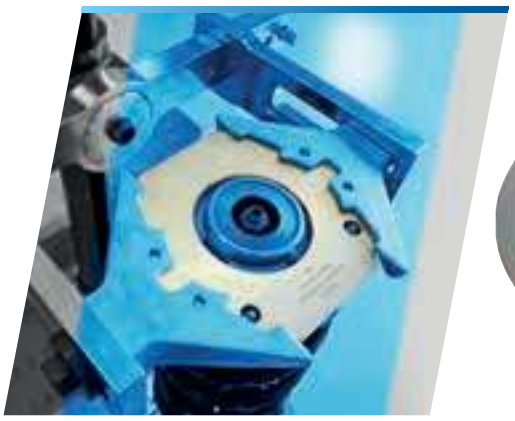
Code	Part No.	Inner Ø	Strength	Length	Width	Height	Weight
3545822	KL-5501-32	87 mm	10 mm	248 mm	170 mm	20 mm	1.9 kg

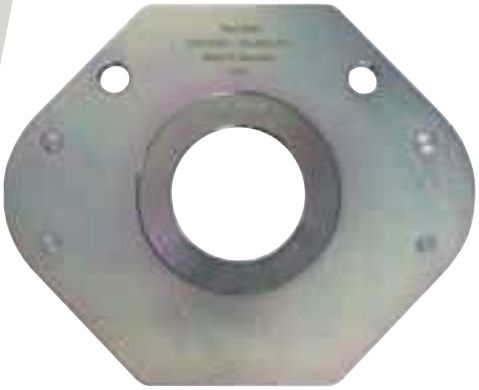
KL-5501-31

SPRING COLLAR ADAPTOR RING

Ø 60/90 mm

Made in Germany





Suitable for Renault Clio IV (BH/KH); Nissan Qashqai II (J11); VW (MEB platform).

- Allows the spring plate to be securely held on the **KL-5501 / B / C** spring compressor
- Easy placement of the adapter on the spring plate
- Adapter inner diameter 60 / 90 mm

Suitability: VW AUDI CUPRA NISSAN RENAULT SEAT ŠKODA

Code	Part No.	Inner Ø	Inner Ø (2)	Strength	Length	Width	Weight
3406059	KL-5501-31	60 mm	90 mm	10 mm	210 mm	170 mm	1.9 kg

KL-0029-20 KA

REMOVAL AND MOUNTING AID

for McPherson suspension struts (VW-Audi)

Made in Germany

Suitable for McPherson suspension struts especially for VW, Audi, Seat and Škoda vehicles on the MQB, NSF, PQ25 or PQ35 platform.

- Quick removal and installation of the strut by pre-tensioning or reducing the overall length
- Can be used regardless of spring shape or pitch
- No direct intervention into the spring
- No need to loosen axle parts
- No wheel alignment required
- Very high time and cost savings, with maximum user safety
- Also suitable for many other vehicles thanks to additional supplementary kits

Note: The removal/installation aid must never be used to dismantle a strut.

Code	Part No.	Operating stroke	Clamping width (min.)	Clamping width (max.)	Load (max.)	Drive (hex)	Storage	Length	Width	Height	Weight
3552624	KL-0029-20 KA	160 mm	250 mm	410 mm	17,500 N	27 mm	Case	500 mm	420 mm	175 mm	13 kg

Additional accessories:

Code	Part No.	Description
3256162	KL-0029-122	Upgrade Kit for KL-0029-120 A, KYB, VW-Audi
2952815	KL-0029-170	Upgrade Kit, VW T5, Size 7
3275221	KL-0029-160 A	Upgrade Kit, BMW, Size 6
3477851	KL-0029-150 A	Upgrade Kit, Ford, Size 5 + 8

KL-0029-180

UPGRADE KIT

Nissan/Renault, size 13

Made in Germany

Suitable for Nissan and Renault front axle suspension struts. For vehicles based on the CMF-C and CMF-D platform (Common Module Family). Installed e.g. in Nissan Qashqai II (J11) + III (J12), X-Trail III (T32); Renault Koleos II (HC), Kadjar (HA, HL); etc.

- For an easier removal and installation of the suspension strut
- Only in combination with removal and mounting aid **KL-0029-100 / -200**

Suitability: NISSAN, RENAULT

Application video

NEW

Code	Part No.	Size	Weight
3545709	KL-0029-180	13	1.5 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

KL-0104-21 KB

SPREADER TOOL

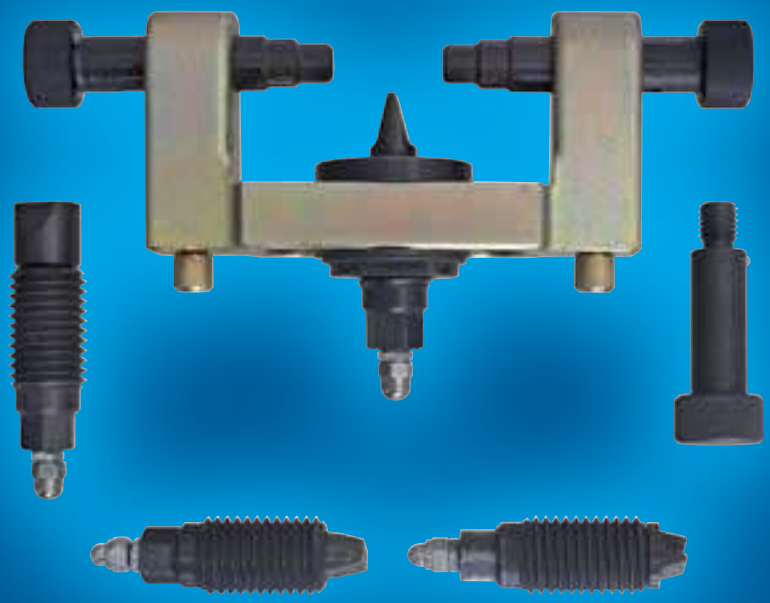
ADJUSTABLE, WITH WEDGES 1 + 2 + 4 + 5

Suitable for suspension strut clamping bores and suspension joint mounts.
- Enables the professional expansion of the suspension strut clamping bore or the lower support joint receiver
- In order to be able to pull out stuck shock absorber units or support joints without damage

Advantages:
- For clamping bore gap of 2 - 16 mm!
- No jamming of the expanding tool!
- No excessive widening of the clamping bore thanks to expansion wedges with stop!
- No damage to the cast or aluminium steering knuckle housing!
- Off-centre clamping slots are no problem!

Suitability: universal, especially for:

VW | AUDI | BMW | FIAT | FORD | KIA | MERCEDES
NISSAN | PEUGEOT | RENAULT | SEAT | ŠKODA | VOLVO



Application video

Code	Part No.	Expanding dimension	Storage	Length	Width	Height	Weight

KL-4999-320

WORKSHOP TROLLEY "SPRINGS AND SHOCK ABSORBERS"

Made in Germany

Trolley now also available in anthracite!

Universally suitable on chassis systems of passenger cars and vans. Mobile workstation with extensive special tool assortment for fast, efficient maintenance work, especially in the area of spring and shock absorber replacement.

Includes attachment for the worktop

Scope of delivery:

- Robust workshop/assembly trolley with four full-extension drawers with ball-bearings
- Stationary spring compressor for safe tensioning of chassis springs on McPherson spring struts
- Internal-type spring compressor with hold-down device for safe tensioning of chassis springs on wishbones and multi-link axles
- Removal and installation aid for pre-tensioning McPherson spring struts with spring strut clamping hole, for a faster removal and installation
- Special sockets for unscrewing and tightening of shock absorber piston rod screw connections on McPherson spring struts
- Special socket spanner for counter-holding defective strut bearing nuts on VAG vehicles
- Spreading tool for damage-free spreading of spring strut clamping holes as well as support joint mounting devices
- Support device for safely supporting wheel suspensions during maintenance work on the chassis
- Including many other accessory parts and supplements

Content:

1x KL-5501 C - Spring compressor stationary
1x KL-5501-40 - Hand crank
1x KL-5501-31 - Spring collar adaptor ring, Ø 60/90mm
1x KL-5501-1435 A - Retaining adaptor for shock absorber
1x KL-5501-41 - Protective cover for spring compressor
1x KL-5501-210 - Assembly set, KL-5501 B, adjustable
1x KL-0056-11 B - Shock absorber piston rod tool kit
1x KL-0033-10 - Internal spring compressor compact
1x KL-0033-16 - Pair of pressure plates, size 0A
1x KL-0033-300 - Holding-down tool set
1x KL-0029-200 - Removal and mounting aid (base tool)
1x KL-0029-110 A - Upgrade kit, VW-Audi, size 1 + 2 + 3
1x KL-0029-122 - Upgrade kit for KL-0029-120 A, KYB
1x KL-0029-150 A - Upgrade kit, Ford, size 5 + 8
1x KL-0029-160 A - Upgrade kit, BMW, size 6

Application video

1x KL-0029-170 - Upgrade kit, VW T5, size 7
1x KL-0104-21-2 B - Spreader tool, adjustable
1x KL-0104-2122 A - Thrust screw with wedge No. 2 (a=2.0 mm, b=8.0 mm)
1x KL-0104-2124 - Thrust screw with wedge No. 4 (a=5.5 mm, b=9.5 mm)
1x KL-0104-2125 - Thrust screw with wedge No. 5 (a=12.5 mm, b=17.0 mm)
1x KL-0104-2141 - Bolt with thread, M10
1x KL-0050-60 - Special socket strut mount, 13 mm (waf)
1x KL-0050-61 - Special socket strut mount, 14 mm (waf)
1x KL-0145-120 A - Supporting device for wheel hubs
1x 7 R 13 - Combination ratchet spanner UD-Profile 13 mm
1x 7 R 27 - Combination ratchet spanner UD-Profile 27 mm
1x KL-4999-3201-1 - Foam insert
1x KL-4999-3202-1 - Foam insert
1x KL-4999-1280 - Surface-mount worktop
1x KL-4999-120 A - Workshop trolley with 4 draws

KL-0148-711

HOOK SPANNER

for rear axle stop buffer, Ø 110 mm

Made in Germany

Suitable for bolted stop buffers (spring travel limiters) on the rear axle of e.g. VW, Citroën, Opel, Vauxhall, Peugeot and Fiat.

- Professionally loosen and tighten bolted stop buffers
- The precise guidance prevents slipping
- The long lever makes loosening and tightening easier

Suitability: universal, especially for: CITROEN | FIAT | OPEL | PEUGEOT | VW

Code	Part No.	Diameter	Length	Weight
3473201	KL-0148-711	110 mm	420 mm	500 g

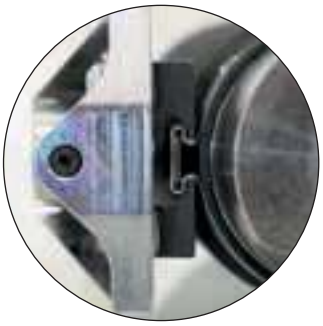
HOSE CLAMP PLIERS

for steering boots, long version

Made in Germany



1/4"

Fits universally for ear hose clamps on steering boots of cars and vans.
For a max. ear width of 19.5 mm and max. closing force of 2,400 N.

- For professional tensioning (compressing)
- Exact clamping according to torque specification
- Unique design for particularly hard to reach places

Suitability: universal

Code	Part No.	Clamping width (max.)	Drive (max.)	Clamping force (max.)	hexagon (counterholding)	Drive (square)	Version	Head width	Length	Weight
3476626	KL-0121-880	20 mm	15 Nm	2.4 kN	24 mm	1/4"	extra long	64 mm	595 mm	1 kg

KL-8090-403

BUNDLE EXCENTRIC WRENCH

for axial joint

Made in Germany

Universal fit for cars and vans

- For quick removal and installation of inside tie rods or axial joints
- High time saving
- Without removing the steering gear
- Individually open design
- Resistant profiling successfully prevents the tool from slipping
- Direct mounting onto the tie rod
- Includes 700 mm extension for hard-to-reach joints

Suitability: universal

1/2"

Code	Part No.	for Ø (min.)	for Ø (max.)	for profile	Drive (square)	Version	Length	Weight
3469921	KL-8090-403	30 mm	43 mm	2-edge | square | hex | round	1/2"	open	700 mm	2.1 kg

KL-2710-100

Made in Germany

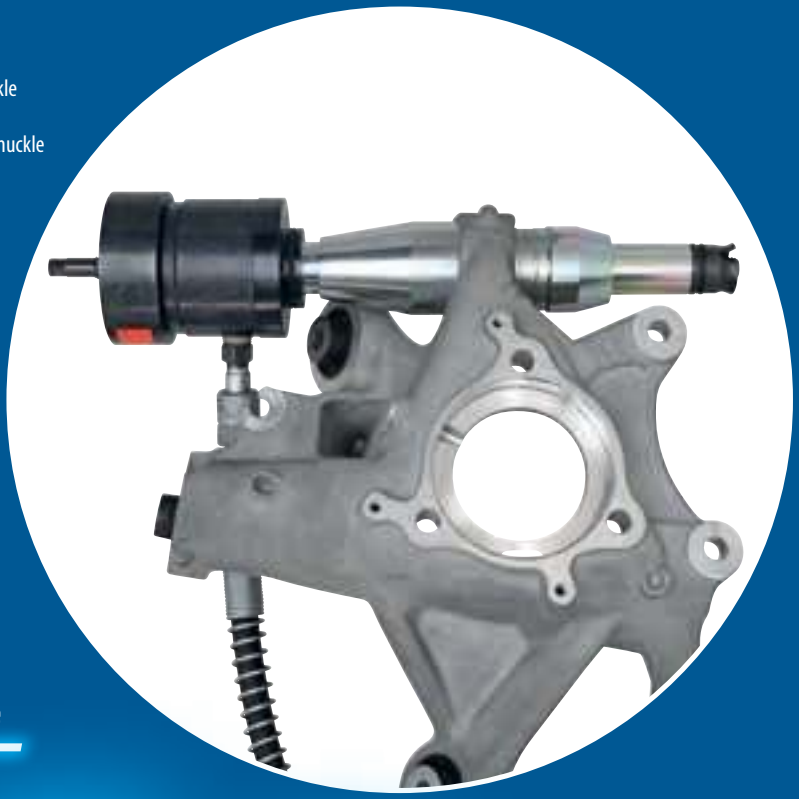
SILENTBLOC TOOL
TESLA

Suitable for Tesla Model 3 and Model Y I.

- For the upper and lower control arm bushings on the rear axle steering knuckle
- For professional removal and installation directly on the vehicle
- No need for time-consuming and costly replacement of the entire steering knuckle
- Includes hydraulic drive components
- Additional hydraulic pump required

Suitability: TESLA

NEW



No time-consuming and costly replacement of the steering knuckle

Incl. 17t short hydraulic cylinder

For pressing in and out directly on the vehicle

Code	Part No.	Drive type	Load (max.)	Weight
3558525	KL-2710-100	hydraulic	9 t	5.8 kg

KL-0214-27

SILENTBLOC TOOL

VW-Audi

Made in Germany

NEW

Suitable for silent blocs (outer Ø 46–47 mm) on the upper front axle control arms, specifically on multi-link axles of VW-Audi and Bentley.

- For professional removal and installation of the silent blocs directly on the vehicle
- No need to loosen the clamping bolt
- No need to replace the control arm
- Includes mechanical drive components

Suitability:

VW | AUDI | BENTLEY | SEAT | ŠKODA

Code	Part No.	for outer Ø (removed)	for outer Ø (fitted)	Drive type	Drive (hex)	Weight
3544702	KL-0214-27	47 mm	46 mm	mechanical	22 mm	1.4 kg

KL-0626-11

PRESS BRACKET SET FOR BALL JOINTS

Ford Transit

Made in Germany

Suitable for the lower suspension/guide joints on the front axle of Ford Transit with front-wheel, rear-wheel and all-wheel drive.
Not suitable for bolted suspension/guide joints, e.g. on vehicles with reinforced chassis!

- For professional replacement of the lower suspension joints
- Pressing out and pressing in directly on the vehicle
- No removal of brake disc or drive shaft
- To be used similarly to OEM no. Ford 204-288A
- Additional drive parts required!

Suitability: FORD

Code	Part No.	Drive type	Load (max.)	Weight
3533212	KL-0626-11	hydraulic	6 t	6 kg

KL-0414-2

DRIVE SHAFTS DISASSEMBLY LEVER

Made in Germany

Universally suitable for plugged-in drive shafts on the gearbox.

- For pressing out the drive shaft with ease
- Optimum support due to adjustable articulated foot

Suitability: universal

Code	Part No.	Length	Blade width	Version	Handle material	Weight
3421171	KL-0414-2	610 mm	40 mm	adjustable	plastic	1.4 kg

MODULO ASSEMBLY TROLLEY

KL-4999-250 / -260 / -270 A

Universally applicable for repair work on wheel bearings, steering and axle systems of cars and vans. The ideal mobile workstation for quick and organised repair work. Includes various drive parts for operating the tool sets.

Job	Time without MODULO	Time with MODULO
Stuck drive shaft	1–2 hours	**5 to 10 minutes**
Loosen ball joints	30–60 minutes	**5 to 10 minutes**
wheel hubs	10–30 minutes	**5 to 10 minutes**
Remove the inner bearing ring	10-20 minutes (with chisel)	**5 to 10 minutes (without chisel)**
1st generation wheel bearings	1–2 hours	**10-20 minutes**
2nd generation wheel bearings	1–4 hours	**15–35 minutes**
3rd generation wheel bearings	10 to 60 minutes	**10-15 minutes**
Replace suspension joints	30–60 minutes	**10-20 minutes**
Replacement of bearings/bushings	2–3 hours	**30–60 minutes**

With the MODULO system, you save an average of 1 hour per operation. With a workload of 80 of these operations per year, that means around 80 hours of additional revenue for your workshop!

	Included in MODULO	QR code website
The MODULO system is based on a 17-tonne hydraulic cylinder. All repairs can be carried out on the vehicle, saving labour and additional costs such as wheel alignment.	270 A 260 250	KL-4999-270 A
Seperating the ball joint or tie rod end. Removing the inner race from the hub. Insert drive shafts. Sleeve pliers. Thread reforming. Inner tie rod joint.	270 A	KL-4999-260
Push out the drive shaft. Replacement of 1st/2nd/3rd generation wheel bearings. Installation on the vehicle without the use of a stationary press.	270 A 260 250	
Removal of bearings, bushings and ball joints directly on the vehicle. Removal and installation of bearings and bushings directly on the vehicle, with and without press frame.	270 A 260 250	KL-4999-250

The **MODULO** system saves time and generates additional revenue!

Made in Germany

Wheel bearing inner race
- Removal of the bearing inner ring
- e.g. wheel hub of the 1st and 3rd generation

- 10 min. | 250 | 260 | 270 A

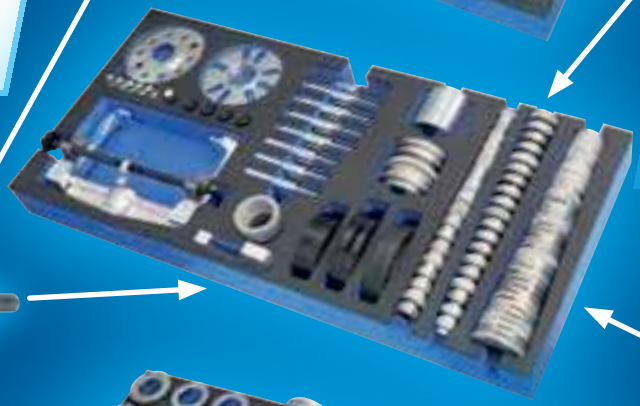
Required accessories:
Hydraulic pump KL-0215-35 M25
(included in Modulo 270 A)
- Alternative Pneumatic pump KL-0215-36 M25

Ball joint connection
- Disconnecting ball joint connections
- e.g. suspension joint, tie rod, etc.

- 40 min. | 250 | 260 | 270 A

First generation wheel bearings
- Removing the wheel hub
- Removing and installing the wheel bearing
- Installing the wheel hub
- E.g. also Mercedes Vito/Viano rear axle, Audi Q7 rear axle

- 90 min. | 250 | 260 | 270 A

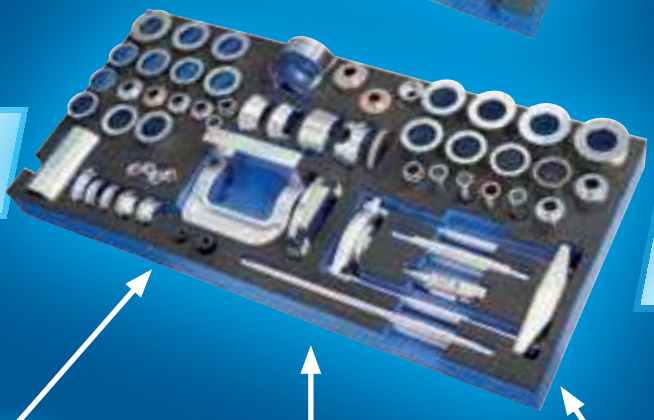


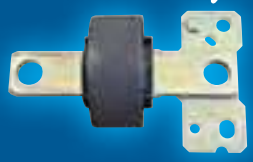
Drive shaft
- Pressing out of the wheel hub
- Pressing into the wheel hub

- 60 min. | 250 | 260 | 270 A

2nd generation wheel bearings
- Removal and installation of wheel hub bearing units
- With and without retaining ring
- Without loading the new wheel bearing during installation
- For example VW-Audi, Ford, Mazda, Volvo, ...

- 150 min. | 250 | 260 | 270 A





Silent bloc
- Removal and installation of the Silent bloc directly on the vehicle
- With and without press frame

- 120 min. | 250 | 260 | 270 A

Support joint
- Removal and installation of ball joints directly on the vehicle

- 30 min. | 250 | 260 | 270 A

3rd generation wheel bearings
- Removal of a slightly stuck wheel hub bearing unit
- Removal of an extremely stuck wheel hub bearing unit on Subaru, etc.

- 45 min. | 250 | 260 | 270 A

MODULO ASSEMBLY TROLLEY

KL-4999-250
"MODULO 250" ASSEMBLY TROLLEY

Universally applicable for repairs on wheel bearings, steering and axle systems on passenger cars and vans.

The ideal, mobile workstation for quick and organized maintenance work.

Content / range of application:
- Various drive parts for operating the tool kits
- Forcing in and out of wheel bearings and wheel hubs
- Removal and forcing in of wheel hubs / wheel bearing units
- Pulling off wishbones from the suspension joint clamping bore
- Forcing out bonded and jammed joint shafts
- Various helpful hand tools

Suitability: Universal

Code	Part No.	Width / Depth / Height	Load capacity (static / dynamic)	Number of drawers	Colour	Contents	Weight
3413349	KL-4999-250	1,200 / 635 / 985 mm	1,000 / 750 kg	4	blue	127	215 kg
3532658	KL-4999-250/AT	1,200 / 635 / 985 mm	1,000 / 750 kg	4	anthracite	127	215 kg

MODULO now also available in anthracite!

KL-4999-260
"MODULO 260" ASSEMBLY TROLLEY

Universally applicable for repairs on wheel bearings, steering and axle systems on passenger cars and vans.

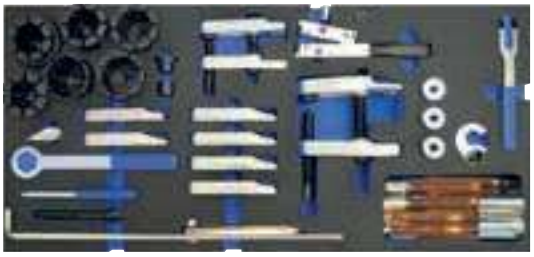
"MODULO 270 A" ASSEMBLY TROLLEY

Universally applicable for wheel bearings, steering and axle systems Repairs of cars and vans.

The ideal, mobile workstation for quick and organized maintenance work.

Content / range of application:
- Various drive parts for operating the tool kits
- Forcing in and out of wheel bearings and wheel hubs
- Forcing in and out of wheel hub/bearing units
- Pulling off wishbones from the suspension joint clamping bore
- Forcing out bonded and jammed joint shafts
- Forcing in and out of suspension/ball joints, silent blocs and joint bearings
- Pulling off stuck screwed wheel bearing units
- Counterholding of wheel hubs when loosening and tightening the wheel bearing central bolt
- Pulling off stuck wheel bearing inner rings from the wheel hub
- Compressing of lug clamps and locking of stepless tension clamps
- Forcing off ball joint connections on steering and axle systems
- Loosening and tightening of inner tie rod joints or axial joints
- **Reshaping of stud bolt threads on the wheel hub**
- **Drawing in cardan shafts**
- Including helpful hand tools

Suitability: Universal



Hydraulic hand pump included

WORKSHOP TROLLEY "BEARINGS AND BUSHINGS"

Made in Germany

Universally applicable for repairs on wheel bearings, steering and axle systems on passenger cars and vans.

- The ideal mobile workstation for quick and organized maintenance work

Content / range of application:

- Various drive parts for driving the tool kits
- Forcing out and pressing in of wheel bearings and wheel hubs
- Forcing out and pressing in wheel hubs / bearing units
- Pulling of wishbones from the support joint clamping hole
- Forcing off glued and stuck cardan shafts
- Forcing out and pressing in suspension and guide joints, silent blocks and joint bearings
- Pulling off stuck screwed wheel bearing unit
- Counter-holding of wheel hubs when loosening and tightening the wheel bearing central bolt
- Pulling off stuck wheel bearing inner rings on the wheel hub
- Compressing lug clamps and locking of stepless hose clips
- Forcing off ball joint connections on steering and axle systems
- Loosening and tightening of inner tie rods or axial joints
- Reforming of stud bolt threads on the wheel hub
- Pulling in cardan shafts
- Including helpful hand tools

MODULO now also available in anthracite!

THE "VAN" MODULO

KL-4999-250

ASSEMBLY TROLLEY „MODULO 250“

See page 22

KL-4999-2504 EA

SUPPLEMENTARY SET FOR VAN WHEEL BEARINGS, MB/VW

Suitable for wheel bearing units without centre bore on the front axle and for conventional wheel bearings with wheel hub on the front and rear axles of Mercedes and VW vehicles.
Suitable for lower suspension joints on the front axle wishbones of Mercedes and VW vehicles.

- Additional drive components required! (included in **KL-4999-250**)

Suitability: VW MERCEDES

KL-4999-2504 EA

Code	Part No.	Drive type	Storage	Length	Width	Weight
3550222	KL-4999-2504 EA	hydraulic	in a foam insert	995 mm	465 mm	40 kg

KL-4999-2505 E

SUPPLEMENTARY SET FOR VAN WHEEL BEARINGS/SUPPORT JOINTS

Suitable for wheel bearing units and wheel hubs with or without centre bore, as well as for ball joint connections on steering and axle systems in common vans, e.g. from Citroën, Ford, Iveco, Mercedes-Benz, Nissan, Opel, Peugeot, Renault, Toyota and Volkswagen.

- Additional drive components required! (included in **KL-4999-250**)

KL-4999-2505 E

Suitability:

CITROEN FIAT FORD IVECO MERCEDES VW NISSAN OPEL PEUGEOT RENAULT TOYOTA

Code	Part No.	Drive type	Storage	Length	Width	Weight
3550230	KL-4999-2505 E	hydraulic / mechanical	in a foam insert	995 mm	465 mm	40 kg

KL-0186-80 K

PNEUMATIC INJECTOR NOZZLE PULLER

in a patented protective housing

Universal fit for BOSCH and DELPHI diesel injectors with M17x1 female thread and M14x1.5 male thread, for example on PSA, Fiat, Mercedes, VW-Audi, Renault, Nissan, Opel, Toyota, etc. Suitable for other injectors with the supplementary kits KL-0186-128x A or KL-0186-9x.

- For quick, semi-automatic extraction of tight-fitting injectors
- Extremely high impact frequency for loosening coking and rust
- Compact design for confined spaces
- Internal impact weight for high safety
- CE certified safety: No exposed, moving parts
- Safety shut-off: Shut-off by releasing the hand switch
- Suitable for many other injectors due to the supplementary kits **KL-0186-128x A** or **KL-0186-9x**

Suitability: universal, especially for: MERCEDES | PSA | FORD | VW | AUDI | SEAT | ŠKODA | VOLVO | MAZDA

Code	Part No.	for injectors from	for internal thread	for external thread	for engine type	Mounting thread	Drive type	Storage	Weight
3461602	KL-0186-80 K	Bosch / Delphi	M17x1	M14x1.5	Diesel	M16x1.5	pneumatic	L-BOXX	6 kg

KL-0186-14 KB

INJECTOR NOZZLE PULLER SET, UNIVERSAL

Made in Germany

Fits universally for BOSCH and DELPHI diesel injectors with M1x1 internal thread as well as M14x1.5 external thread, e.g. with PSA, Fiat, Mercedes, VW-Audi, Renault, Nissan, Opel, Toyota, etc.

- For a quick and powerful pulling of extremely stuck injectors
- No removal of the cylinder head required
- Supplementary kit for further engines and injectors available
- Can also be driven hydraulically (accessories required)

Suitability: universal, especially for: VW | AUDI | FORD | MAZDA | MERCEDES | PSA | SEAT | ŠKODA | VOLVO

Code	Part No.	for injectors from	for internal thread	for external thread	for engine type	Drive type	Storage	Weight
3420124	KL-0186-14 KB	Bosch / Delphi	M17x1	M14x1.5	Diesel	mechanical	in a case	10.4 kg

KL-0132-56 KC

GLOW PLUG TOOL KIT

universal

Made in Germany

Fits universally for diesel engines with M8x1 and M10x1 glow plug thread.

- Professional repair solution for torn glow plugs on the cylinder head
- For precise boring out the glow plug
- For pulling out the glow plug element
- For recutting the thread on the cylinder head
- No need to remove or replace the cylinder head
- Quick and precise work

Suitability: universal, especially for:

BMW | FIAT | MERCEDES | MAN | PSA

Code	Part No.	for engine type	for Thread	Storage	Length	Width	Height	Weight
3451933	KL-0132-56 KC	Diesel	M8x1 | M10x1	Case	494 mm	402 mm	116 mm	5 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

KL-4077-10 K

ARTICULATED RING SPANNER SET

open, 150mm

Universally suitable for hard-to-reach screwed pipe connections on vehicles, such as on fuel systems, brake systems, hydraulic steering systems, exhaust systems and much more.

- For easy loosening and tightening of screwed pipe connections
- Extra-long, open spanner design with swivel head

Content:
Width across flats: 12mm, 13mm, 14mm, 17mm, 19mm and 22mm

Code	Part No.	Profil	Drive (square)	Swivel angle	Contents
3459993	KL-4077-10 K	12-point	3/8"	+/- 90°	6

KL-0126-303

HOSE LOOSENING TOOL

2 pcs.

Can be used universally on hose connections.

- For easy loosening of stuck hose connections
- Can also be used as a mini lever for other work

Code	Part No.	Handle design	Handle material	Length
3463982	KL-0126-303	2-Components	plastic	240 mm

KL-0121-38 C

FUEL LINE PLIERS

Universally suitable for Passenger cars, commercial vehicles, vans and agricultural machinery.

- For unlocking of quick couplings on fuel hoses and urea lines
- Thanks to the swiveling pliers fingers, it is also suitable for hard-to-reach places
- Slim and round pliers tips

Suitability: universal, especially for:

AUDI | CITROEN | FIAT | GM | MERCEDES | VW | OPEL | SEAT | ŠKODA | VOLVO

Code	Part No.	for engine type	Swivel angle	Tip	Opening width (min.)	Opening width (max.)	Version	Length	Width	Weight

KL-0120-60X

SPECIAL SPANNER

for cooling water cap

Made in Germany

Suitable for expansion caps.

- For easy loosening of stuck radiator water caps on expansion tanks
- Special profile for precise fitting
- No damaging to the cap
- Drive via ½" square or by hand

Code	Part No.	Profile	Drive (square)	Suitability	Weight
3465950	KL-0120-601	special profile (7 faces)	1/2"	Audi | Cupra | Seat | Skoda | VW	200 g
3465977	KL-0120-602	special profile (6 faces)	1/2"	BMW	200 g

MICRO-VIDEOSCOPES / VIDEOSCOP

KL-0880-10 K

MICRO VIDEOSCOPE Ø 3.9 mm

Universally applicable on passenger cars, vans, commercial vehicles, buses, construction machinery, agricultural machinery.

- Enables quick and easy inspection of extremely difficult-to-access components
- For professional damage analysis on engines, transmissions, intake systems, etc.
- Extremely slim Ø 3.9 mm micro camera with 1280 x 720 pixels
- Dust- and water-proof lens with adjustable LED illumination
- ±180° swivel angle due to 2-way joint
- Live viewing via 5.0" HD colour display with zoom, rotate and mirror function
- Photo and video documentation with date and time stamp
- Incl. 8 GB microSD card and powerful 3.7 V lithium-polymer battery (5000 mAh)
- Connection with smartphone, tablet and laptop etc. possible
- Direct playback of photos and videos on the display

Features:
- ±180° swivel angle due to 2-way joint
- 1 m cable length
- 5" display
- 1280 x 720 pixel resolution
- LEDs (6 pcs. / 3 levels)
- Temperature range -10 C° – +60 C°
- 5,000 mAh lithium-polymer battery

Code	Part No.	Swivel angle	Cable Ø (max.)	Length (cable)	Battery	Temperature range

VIDEOSCOPE "SPECIAL OFFER"

KL-0880-10 K - Micro-Videoscope, Ø 3.9 mm
see left.

KL-0870-10 K - Videoscope with cleaning function

- Enables the localisation and targeted removal of contamination
- Versatile use on the vehicle
- The transversely mounted camera with LED illumination and cleaning nozzle reaches even hard-to-reach places, e.g. the evaporator of the air-conditioning system
- Slim camera unit Ø 15x23 mm with powerful cleaning nozzle
- Dust- and water-proof lens with adjustable LED illumination
- For standard compressed air connection with 6 - 8 bar
- 250 ml container for cleaning fluids
- Live viewing via 3.5" colour display with zoom, rotate and mirror function
- Photo and video documentation with date/time stamp
- Incl. 8 GB microSD card and powerful 3.7 V lithium-polymer battery (1,650 mAh)
- Direct playback of photos and videos on the display

KL-0880-11 K

360° MICRO VIDEOSCOPE Ø 3.9 mm with 4-way joint

Universally applicable on cars, vans, commercial vehicles, buses, construction machinery, agricultural machinery.

- Enables quick and easy inspection of extremely difficult-to-access components
- For professional damage analysis on engines, transmissions, intake systems, etc.
- Dust- and water-proof lens with adjustable LED illumination
- ±180° swivel angle in a 4-way articulation
- Live viewing via 5.0" HD colour display with zoom, rotate and mirror function
- Photo and video documentation with date and time stamp
- incl. 32 GB microSD card and powerful 3.7 V lithium-polymer battery
- Direct playback of photos and videos on the display

Features:
- ±180° in all directions (360°)
- 1.2 m cable length
- 5" display
- 1280 x 720 pixel resolution
- LEDs (6 pcs. / 5 levels)
- Temperature range -10 C° – +60 C°
- 6,000 mAh lithium-polymer battery
- Ergonomic handle
- Easy handling thanks to joystick and photo release by pistol trigger
- Camera lens protected against dust and water in accordance with IP67
- Storage in assembled state (handle and display)

angle	Angle	Cable Ø (max.)	Storage
30°	90°	3.9 / 23 mm	in a case

KL-0840-100 K

DIGITAL BATTERY TESTER

Universally applicable for vehicles with 6/12/24 Volt LEAD, GEL, AGM, EFB and LITHIUM batteries.

- For professional checking and logging of the status of the battery, generator and starter
- Supports 9 battery standards according to EN, DIN, IEC, SAE, CA, CCA, BCI, MCA and JIS
- Testing of the battery in assembled or disassembled state
- Test log output via thermal printer
- Real-time monitoring inside the vehicle by means of a 2.50 m measuring line
- Simple, menu-guided operation in 13 languages
- Fully insulated crocodile clips and integrated reverse polarity protection

Code	Part no.	Voltage range	Nominal capacity (min. - max.)	for battery type	Display	Operating temperature	Battery capacity	Weight
3477185	KL-0840-100 K	6 V / 12 V / 24 V	1 Ah - 260 Ah	AGM battery, AGM spiral cell battery, lead acid battery, EFB battery. GEL battery, lithium battery	3.2"	0- 50 °C	2,000 mAh	2.3 kg

KL-0860-100

BRAKE FLUID TESTER

Can be used universally on conventional DOT 3, DOT 4 and DOT 5.1 glycol-based brake fluids.

- For professional testing of water content in the brake fluid
- Quick and precise measurement of the water content in %
- High measuring range from 0.1 % to 6.0 %
- Simple operation
- 2“ LCD display with backlighting
- Visual and audible alarm function
- Measuring probe dust and water protected to IP67
- Power supply with 9V battery (not included!)

Code	Part No.	Measuring range (min.)	Measuring range (max.)	Display	Length (cable)	Wire Ø	Temperature range	Length	Weight

KL-0880-20

INFRARED THERMOMETER

Universally applicable, e.g. in the industrial, construction and automotive sectors.

- For quick, non-contact temperature measurement
- Also for hard-to-reach objects and liquids
- Robust infrared thermometer in industrial quality
- High temperature measuring range from -50 to +550 °C
- Very high measuring accuracy due to adjustable emissivity detection
- Red 12-point laser target detection (can be switched off)
- Illuminated 1.5“ LCD colour display
- Measured value hold function with min/max recording
- Adjustable LED warning light when temperature limit value is under/exceeded

Code	Part no.	Measuring range (min.)	Measuring range (max.)	Measuring accuracy	Measurement duration	Display	Laser colour	Adjustable emissivity	Battery type	Automatic switch-off
3475840	KL-0880-20	-50 °C	+550 °C	1.5 %	0.5 sec.	1.5"	Red	0.1 to 1.0	AAA	30 sec.

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

671 M-003

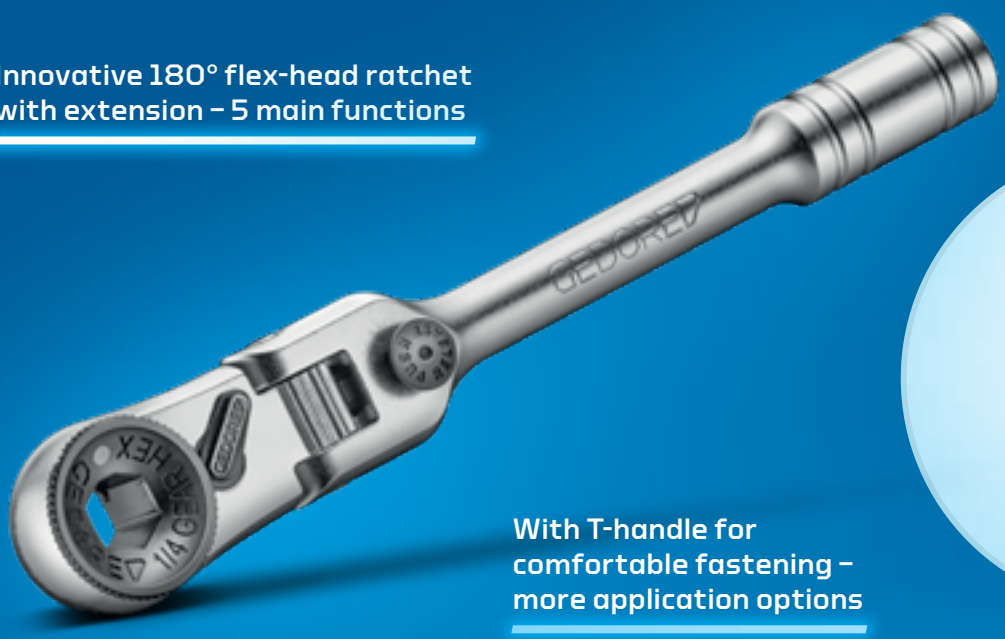
MULTIFUNCTION BIT RATCHET SET

- Multifunctional 1/4" bit ratchet set: 5 features, 1 tool
- Maximum versatility: bit ratchet, 1/4" square ratchet, T-handle, swivel head and extension
- For bits and 1/4" sockets with adapter
- Compact, flexible bit ratchet with 180° swivel head
- Extension at the handle end makes deep fastenings easy to reach
- T-handle function: guide the extension (laser-marked area) through the ratchet head (white dot)
- Very quick and precise adjustment via push button
- With compact holder for mobile use
- High torque: ratchet max. 65 Nm; 1/4" handle end max. 50 Nm

NEW

Usable as a bit ratchet and a 1/4" ratchet (with adapter)

Innovative 180° flex-head ratchet with extension – 5 main functions



With T-handle for comfortable fastening – more application options

In a compact holder for secure, mobile use

Code	Part No.	Drive (hex)	Length	Width	Height	Weight
3543870	671 M-003	1/4"	118 mm	25 mm	18 mm	100 g

KL-4015-400

SOCKET SPANNER ADAPTER KIT

for square threadcutter

Made in Germany

Suitable for common threadcutters with square insert from 2.8 up to 8.4mm.

- For driving threadcutters with a 1/4“ or 3/8“ reversible ratchet
- Perfect for hard to reach places
- For threadcutters from M1 to M12 as well as 1/16“ up to 1/2“
- Additional use of extensions and joint pieces possible
- With magnet

Suitability: universal

Code	Part No.	Profile	Drive (square) (1)	Drive (square) (2)	Storage	Contents	Weight
3459489	KL-4015-400	square	1/4“	3/8“	Socket rail	8	300 g

KL-4007-328

EXTENSION SET

1/2", extra long

Universally applicable.

- 3-piece extension set for 1/2“ drive
- Extra long version in 455 / 610 / 910mm
- Spring-loaded ball lock with lock function
- Ideal e.g. for gearboxes, drive and cardan shaft screw connections
- High flexural strength for hard permanent loads

Content:
1x 1/2" extension 455 mm
1x 1/2" extension 610 mm
1x 1/2" extension 910 mm

Code	Part No.	Output drive (square)	Drive (square)	Contents	Weight
3529908	KL-4007-328	1/2“	1/2“	3	3.5 kg

KL-4007-500

WRENCH EXTENSION

universal, 380mm

Fits universally for hand tools.

- For a simple extension of spanners and hexagon L keys
- Also for hard-to-reach bolt connections

Suitability: universal

Code	Part No.	Length	Weight
3406504	KL-4007-500	380 mm	650 g

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

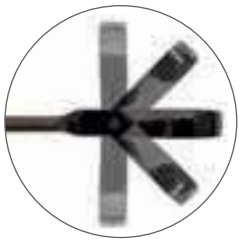
KL-4443-30

DOUBLE ARTICULATED RATCHET RING SPANNER SET

Universal fit for E profile (TX) screws.

- To loosen and tighten screws in hard-to-reach places
- Highly durable with joint heads on both sides
- Small return angle thanks to fine-toothed ratchet

Suitability: universal



Code	Part No.	Ring profile	Swivel angle	Storage	Contents	Weight
3438147	KL-4443-30	Inner TX	180 °	Plastic holder	4	800 g

KL-4701-100

PIN PUNCH SET

5-piece

Suitable for universal use on commercial vehicles and industrial machinery.

- Enables the precise, straight insertion and removal of split pins, bolts, etc.
- The long design offers an extremely long reach
- For very long or deeply seated parts
- Includes the standard diameters from Ø 8 to 16 mm
- Supplied in a handy roll-up pouch

Content:
Ø 8 / 10 / 12 / 14 / 16 mm

Suitability: universal

NEW

Code	Part No.	Contents	Effective length	Length	Storage	Contents	Weight
3549100	KL-4701-100	Ø 8 / 10 / 12 / 14 / 16 mm	200 mm	350 mm	Tool roll	5	2.7 kg

KL-4007-260

DEFLECTION ADAPTER KIT

90°, 6-pieces

Application example, not included in the scope of delivery

Universally applicable in everyday workshop use.

- Unique deflection adapter kit for 1/4", 3/8" and 1/2" drives
- For accessing extremely difficult to reach bolt connections
- Enables an offset of the drive axle and deflection of the drive force
- Can also be combined with other adapters and extensions
- 2x deflection adapters each per size

Suitability: universal

Application video

Code	Part No.	Drive (square)	Angle	Storage	Contents	Weight
3517330	KL-4007-260	1/4" | 3/8" | 1/2"	90°	Plastic insert	6	250 g

H 42 CKEL-09

OFFSET SCREWDRIVER SET

9 pieces, coloured

Made in Germany

- Colour coding smakes it easy to choose the correct key
- Ball head enables screwing in places that are difficult to access
- Key easily removable
- Abrasion-resistant powder-coated

Code	Part No.	Blade shape	Length	Width	Height	Contents	Weight
3297470	H 42 CKEL-09	hexagonal	120 mm	85 mm	20 mm	9	400 g

KL-0194-190

PLASTIC WEDGE KIT

27 pcs.

Universal fit for passenger cars, commercial vehicles and vans.

- For a gentle disassembly of trims, coverings, switches, seals, etc.
- Many different profiles
- Robust and fibre-reinforced nylon plastic
- In a well organised storage bag

Suitability: universal

Code	Part No.	Length	Storage	Contents	Weight
3457087	KL-0194-190	180 mm	Tool roll	27	1.2 kg

KL-0126-270X

CLAMPING LEVER

Universally applicable, e.g. in the industrial, construction and automotive sectors.

- For holding and positioning of screws, nuts, clamps etc.
- Remote-controllable miniature vice
- Powerful clamping jaws, lockable by means of a knurled nut on the handle
- Specially for hard-to-reach spots
- Safe grip through corrugated clamping jaw surface

Suitability: universal

Code	Part No.	Clamping range	Jaw width	Jaw height	Colour	Length	Weight
3518094	KL-0126-2701	0-45 mm	12.5 mm	8 mmmm	blue / black	275 mm	70 g
3518108	KL-0126-2702	0-45 mm	12.5 mm	8 mmmm	blue / black	375 mm	100 g

KL-4991-111 B

WALL ORGANIZER FOR CORDLESS POWER TOOLS

Universally applicable.

- For clearly arranged storage of up to 5 cordless screwdrivers or similar devices
- Ball-bearing drawer for storing drill bits, inserts, spare batteries, etc.
- Spacious shelf with non-slip rubber surface
- Holder with cable feed-through to accommodate a 3- or 4-way socket strip
- Perforated walls on both sides for additional accessories
- Sturdy design
- Simple wall mounting

Code	Part No.	Length	Width	Height	Load (max.)	Number of holders	Material	Weight
3475484	KL-4991-111 B	540 mm	250 mm	340 mm	110 kg	5	Steel sheet	11 kg

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

ENGINE TOOLS

ENGINE TOOLS BY GEDORE RED POWERED BY GEDORE AUTOMOTIVE

For everyone who has a responsibility under the bonnet every day, this promotion offers selected engine tools for VW Group, Mercedes-Benz, Ford, Stellantis and Hyundai-Kia, as well as solutions for universal use.

R15003003

ENGINE TIMING TOOL SET

VW-Audi (1.0 / 1.2 / 1.4 / 1.5 TSI/TFSI)

GEDORE red

Suitable for VW, Audi, Seat, Cupra and Škoda with 1.0 / 1.2 / 1.4 / 1.5 (TSI, TFSI) 3- and 4-cylinder petrol engines of the EA211 series.

- For precise positioning of the camshafts
- For locking the flywheel and timing belt pulley
- For professional adjustment of the timing
- With highly sensitive angle gauge for camshaft positioning
- No OBD interactions or complex diagnostic technology required
- Cost-effective and practical alternative solution to the OEM tool VAS 611 007
- Can be used in a similar way to OEM no. T10340, T10499, T10504/1

Note: Locking tools are not holding tools! Therefore, always use a designated holding tool when loosening or tightening screw connections!

Suitability: VW | AUDI | CUPRA | SEAT | ŠKODA

Code	Part No.	for engine type	Storage	Length	Width	Height	Weight
3301780	R15003003	Petrol	Case	470 mm	330 mm	100 mm	6.1 kg

R15003029

PULLER SET FOR WATER PUMP DRIVE

VW-Audi 1.5 TSI

NEW

Suitability: VW | AUDI | CUPRA | SEAT | ŠKODA

GEDORE red

Suitable for VW-Audi 1.5 (TSI, TFSI) 4-cylinder petrol engines of the EA211 series.

- Tool kit for locking and removing the camshaft pulley for the water pump's timing belt drive
- Essential for water pump replacement or engine repairs
- To be used similarly to OEM no. T10221 A, T10504/1

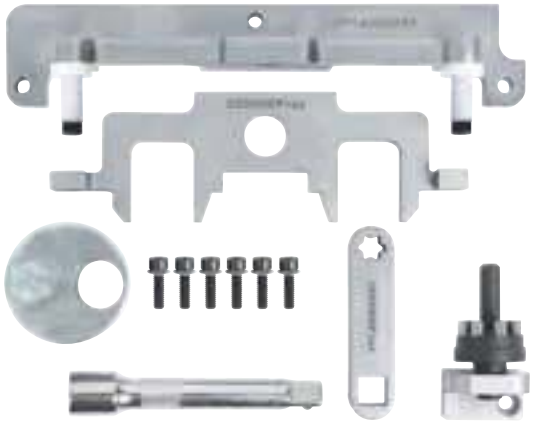
Code	Part No.	for engine type	Weight
3301981	R15003029	Petrol / Hybrid	300 g

R15003023

ENGINE TIMING TOOL SET

Mercedes-Benz OM651

GEDORE red



Suitable for Mercedes-Benz 1.8 / 2.2 4-cylinder diesel engines.

- For locking the camshafts
- Includes mounting aid for the timing chain, crankshaft counter-holding tool, and camshaft socket tool
- For professional adjustment of the timing

Note: Locking tools are not holding tools! Therefore, always use a designated holding tool when loosening or tightening screw connections!

Suitability: JEEP | MERCEDES

Code	Part No.	for engine type	Storage	Length	Width	Height	Weight
3301957	R15003023	Diesel / Hybrid	Case	304 mm	222 mm	80 mm	3.3 kg

R15003007

ENGINE TIMING TOOL SET

Ford (1.25 - 2.3 Duratec / EcoBoost)

GEDORE red

Suitable for Ford with 1.25 / 1.4 / 1.5 / 1.6 / 1.7 / 1.8 / 2.0 / 2.3 (Duratec, EcoBoost, Ti-VCT) 3- and 4-cylinder petrol engines.

- For professional adjustment of the timing
- For locking e.g. crankshaft, tensioner, flywheel, vibration damper, camshafts and camshaft phaser

Note: Locking tools are not holding tools! Therefore, always use a designated holding tool when loosening or tightening screw connections!

Suitability: FORD | MAZDA | VOLVO

Code	Part No.	for engine type	Storage	Length	Width	Height	Weight
3301941	R15003007	Petrol	Case	290 mm	210 mm	70 mm	2 kg

R15253000

PULLER FOR CRANKSHAFT PULLEY

Ford 2.0 EcoBlue

GEDORE red

NEW

Suitable for Ford 2.0 (EcoBlue) 4-cylinder diesel engines.

- Tool for removal of the crankshaft pulley
- Essential for removing the timing cover or carrying out engine repairs
- To be used similarly to OEM no. 303-1657

Suitability: FORD

Code	Part No.	for engine type	Thread	Spindle length (total)	Weight
3301980	R15253000	Diesel	M12x1,5 | M16x1,5 | M22x1,5	110 mm	250 g

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

R15003015

ENGINE TIMING TOOL SET

Ford / Fiat / Opel / PSA 1.3D

GEDORE red

NEW

Suitable for Ford/Fiat/Opel/PSA 1.3 diesel engines.

- For locking the camshafts, crankshaft, and the timing chain tensioner
- For professional adjustment of the timing

Note: Locking tools are not holding tools! Therefore, always use a designated holding tool when loosening or tightening screw connections!

Suitability:

CHEVROLET / CITROEN / FIAT / FORD / PSA / LANCIA / OPEL / PEUGEOT / SUZUKI / ALFA ROMEO

Code	Part No.	for engine type	Storage	Length	Width	Height	Weight
3301949	R15003015	Diesel	Case	290 mm	220 mm	70 mm	1.4 kg

R15303001

CAMSHAFT COUNTER-HOLDING TOOL

Stellantis / Ford 1.3 D

GEDORE red

NEW

Suitable for Ford, Fiat, Opel and PSA 1.3 (CDTI, TDCi, HDi, DDiS, JTDm, Multijet) 4-cylinder diesel engines.

- Tool for counter-holding the camshaft
- Essential for loosening/tightening the camshaft centre bolt
- To be used similarly to OEM no. 303-1475, 1.871.008.600, 0104-B

Suitability: FORD / FIAT / OPEL / PSA

Code	Part No.	Pin-Ø	Pin height	for engine type	Length	Width	Height	Weight
3301982	R15303001	8 mm	10 mm	Diesel	87 mm	55 mm	55 mm	500 g

R15003025

ENGINE TIMING TOOL SET

Hyundai / Kia

GEDORE red

NEW

Suitable for Hyundai/Kia 1.1 / 1.4 / 1.5 / 1.6 / 1.7 / 2.0 / 2.2 CRDi 3- / 4-cylinder diesel engines.

- For locking the flywheel
- For pre-tensioning the timing chain tensioner
- For removal and installation of the high-pressure pump
- For professional adjustment of the timing

Note: Locking tools are not holding tools! Therefore, always use a designated holding tool when loosening or tightening screw connections!

Suitability: KIA / HYUNDAI

Code	Part No.	for engine type	Storage	Length	Width	Height	Weight
3301959	R15003025	Diesel / Hybrid	Case	390 mm	295 mm	90 mm	2 kg

R15003002

PNEUMATIC INJECTOR NOZZLE PULLER

GEDORE red

Universally suitable for diesel injectors from Bosch, Delphi, Denso, Siemens-VDO, Continental, Lucas, Magneti Marelli, etc.

- For easy removal of stuck diesel injectors
- High-frequency impact mechanism effectively deals with coking and rust deposits
- Compact design for confined spaces
- Integrated valve for targeted regulation of the air supply
- Extensive selection of adapters for injectors with male or female threads
- Draw hook adapter with shaft diameter: 12 / 13.5 / 16 mm
- Also for extremely deep-seated injectors

Suitability: universal

Code	Part No.	for injectors from	for internal thread	for external thread	for engine type	Mounting thread	Drive type	Working pressure (max.)
3301779	R15003002	Bosch, Continental, Delphi, Denso, Lucas, Magnet-Marelli, Siemens/VDO	M8x1.0 / M8x1.25 / M10x1.5 / M12x1.5 / M17x0.75 / M17x1.0 / M18x0.75 / M20x1.0 / M22x1.5	M14x1.5 / M16x1.5 / M18x1.5 / M25x0.5 / M25x1.0 / M26x0.75 / M27x0.75 / M27x1.0 / M27x1.25 / M29x1.0 / M31x0.75	Diesel	M14x1.5	pneumatic	6.5 bar

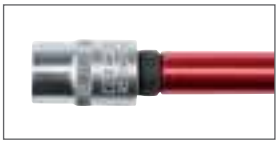
R47112002

BIT HOLDER SET WITH QUICK-TURN SLEEVE

2-pieces, Length 200 mm

GEDORE red

- 2-piece set: Includes two magnetic bit holders, in 200 mm length
- Suitable for 1/4" bits as well as 3/8" and 1/2" sockets
- Quick-turn sleeve: Allows fast manual rotation without changing tools
- Robust design: High-quality materials for durable and reliable use



NEW

Code	Part No.	Length	Width	Height	Contents	Weight
3301915	R47112002	200 mm	50 mm	22 mm	2	200 g

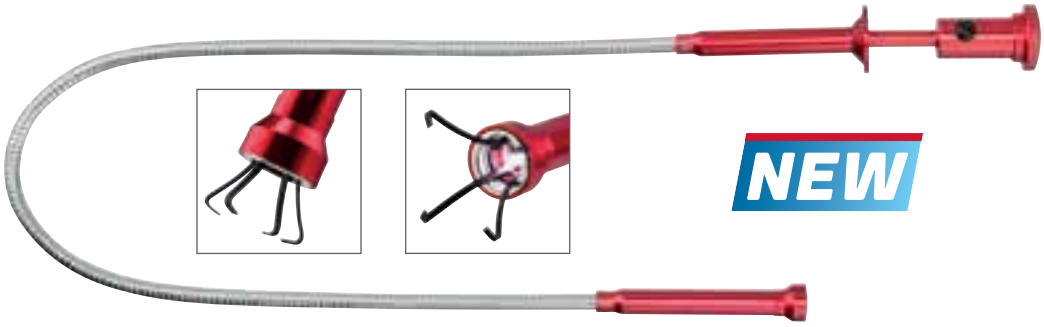
R99200001

MAGNETIC LIFTER

with claws and LED lighting

GEDORE red

- 4-prong claw grabber: Allows secure gripping and holding of small objects in hard-to-reach areas
- Integrated LED lighting
- Flexible design for narrow or angled spaces
- Magnetic tip for picking up small metallic parts
- Ergonomic handle



NEW

Code	Part No.	Length	Width	Height	Weight
3301927	R99200001	720 mm	26 mm	26 mm	130 g

Solutions 3/2026 ENoP, valid from 01.09.2026 to 31.12.2026. Misprints and errors excepted.

R38002105

IMPACT CAP SCREWDRIVER SET

5-piece

- Screwdriver set with flat and Phillips profiles – ideal for workshops, assembly and repair work
- Extremely robust chisel screwdriver design
- Continuous hexagonal blade with striking cap
- Hex key section for additional power transmission
- Ergonomic Kraftform handle with hard and soft zones

NEW

Code	Part No.	Length	Width	Height	Contents	Weight
3301962	R38002105	215 mm	100 mm	65 mm	5	675 g

R95600320

INSPECTION LAMP

GEDORE red

- Ideal as a work lamp for mobile use in various areas
- 5 switching functions for individually adjustable brightness
- Can be used both as an inspection lamp and as a torch
- Magnet and 180° rotating hook provide different holding options
- Enables flexible and mobile use as well as hands-free working
- LED can be used both folded in and out
